Product Description

Sustainable Smart Self Cleaning Cat Litter Box Tuya App Control Quiet Enclosed Design

Products Description

1. Revolutionize Cat Care with a Smart Litter Box

Tired of daily scooping and unpleasant odors? The Sustainable Smart Self-Cleaning Cat Litter Box is your solution for a cleaner, more convenient cat care experience. With automatic cleaning, app-based controls via Tuya, and a quiet enclosed design, this litter box offers unparalleled ease while ensuring your cat's comfort and privacy. Say goodbye to mess and hello to a smarter way of caring for your furry friend.

2. Key Features That Set It Apart

Self-Cleaning Technology:

Automatically removes waste after each use, keeping the litter box fresh and odor-free without manual effort.

Tuya App Control:

Monitor and manage the litter box remotely using the Tuya app. Track usage, receive notifications, and adjust settings with ease.

Sustainable and Eco-Friendly Design:

Built with sustainable materials and optimized for minimal litter waste, contributing to a greener planet.

Quiet Operation:

Ultra-quiet motor ensures the litter box won't disturb your cat or your household. Ideal for sensitive pets.

Enclosed Design for Privacy:

Provides a safe and private space for your cat while reducing litter scatter and containing odors.

Easy to Clean:

Modular design allows for hassle-free disassembly and cleaning, ensuring hygiene is always maintained.

3. Perfect for Busy Cat Owners and Multi-Cat Households

Daily Convenience: No more scooping or constant cleaning—perfect for busy schedules.

Multi-Cat Homes: Smart tracking through the Tuya app ensures you can monitor litter box usage for all your cats.

Quiet Nights: The low-noise motor won't disrupt your evenings or scare timid pets.

Eco-Conscious Living: Reduces litter waste and promotes sustainable pet care practices.

4. Usage Tips and Care Instructions

Introduce Gradually: Allow your cat time to adjust to the new litter box by placing it in a familiar spot.

Regular Maintenance: While the box is self-cleaning, empty the waste drawer regularly for optimal performance.

Use Compatible Litter: Ensure you're using clumping or the recommended litter type for best results.

Safety Tip: Always monitor the app notifications to address any alerts or maintenance needs promptly.

5. What Customers Are Saying

"This litter box has been a game-changer! The Tuya app makes it so easy to monitor, and my cat loves the enclosed design." — Sarah L., USA

"Finally, no more scooping! It's quiet, eco-friendly, and looks sleek in my home. Highly recommend for anyone with multiple cats." — James K., UK

"I was skeptical at first, but the self-cleaning feature works perfectly. The app notifications keep me updated even when I'm away." — Miyu T., Japan

Upgrade your cat care routine with the Sustainable Smart Self-Cleaning Cat Litter Box. Designed for convenience, comfort, and sustainability, it's the ultimate solution for modern pet owners.

Order Now and experience a cleaner, smarter way to care for your cat!

Original New Structure

Three Characteristics

- Safe, no clamping cat
- Closed odor, ionic sterilization
- Smaller volume, Greater use space

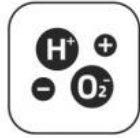

Closed Odor

Small Volume

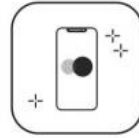

Original Safety
Structure

Ionic Removing Odor
Sterilization

Patented
Lightning Filter

App Intelligent
Control

Unique Innovative Structure

No Clamping Cat

The waste bin and barrel are integrated into one and rotate synchronously. The incision between the two parts in the traditional structure is completely removed, and the danger of cat clamping is completely avoided in principle.

Triple Intelligent Protection

4 Sets Of Weight Sensors

Sensitive sensing the cat entering, and stop the cleaning and rotation of the device in time; At the same time, high-precision measurement of cat weight.

Active Infrared Radar

Actively send out infrared rays, detect cats approaching the device in front, and stop the cleaning and rotation of the device in time.

Accident Protection System

Monitor the abnormal operation of the device in real time. In case of any abnormality, the device will stop running in time and be reminded.

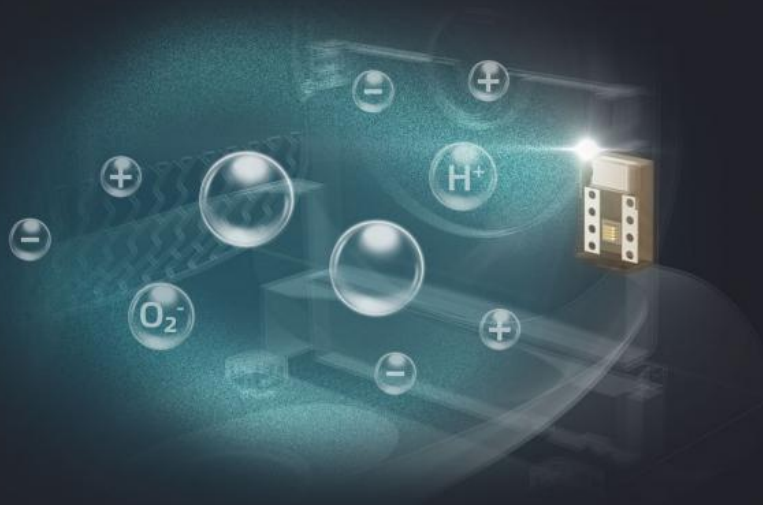

Closed Odor Ionic Sterilization

92%

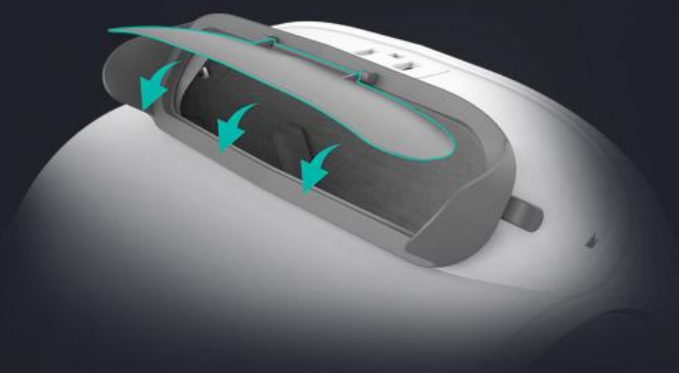

*Adsorption
Decomposition Rate

99.8%

*Sterilization Rate

The ionic removing odor & sterilization module decomposes the odor into tasteless small molecules. Moreover, the module does not need consumables and can be used without maintenance for a long time. (ionic module is only available for Ti Pro).

The waste bin has a switchable door. When cleaning, open the door to collect the faeces. After cleaning, the door will close automatically to seal the odor and prevent leakage.

Smaller Volume Greater Use Space

The unique innovative structure brings less floor space, but retains more space for cats.

0.13m³

Small volume

40%

Smaller than
other smart litter boxes

65L

Toilet space

30%

Larger than
other smart litter boxes

9L Waste Bin Space

Which Can Hold Faeces
For 15 Days

Faeces is dynamically stored in the waste bin, which can make full use of the space of the waste bin to obtain a longer cleaning interval.

*Laboratory data of an adult healthy cat were used as a reference.

High Compatibility Filter

Suitable For a Variety of Cat Litter

Bean Curd Litter

Mixed Litter

Bentonite Litter

Mineral Litter

Bean Curd Litter / Mixed Litter
You can get a better
use experience

Bentonite Litter / Mineral Litter
The faeces cleaning function
can be used normally

Quiet Operation

Test conditions - 50cm away from the device in the normal home environment
(no cat litter added)

Running noise

≤40dB
